MATERIAL SAFETY DATA SHEET

Product name: **OLIVE OIL**
Not Classified as Hazardous according to criteria of NOHSC

Advise to Doctor Treat symptomatically.

Other Health Hazard Information

PRECAUTIONS FOR USE

Eng. Controls Use with adequate ventilation.

Personal Protection

Eye Protection Safety glasses

Clothing Wear suitable protective clothing and gloves to prevent skin contact.

Flammability

Fire Hazards Combustible.

SAFE HANDLING INFORMATION

Storage and Transport

Storage Precautions Store in a cool, dry place. Store away from sources of heat or ignition. Store away from oxidizing agents. Keep containers closed at all times.

Spills and Disposal

Spills and Disposal Eliminate all ignition sources (no smoking, flares, sparks or flame) within at least 15m. Do NOT touch or walk through this product. Stop leak if safe to do so. Prevent entry into waterways, drains, and confined areas. Cover with DRY earth, sand or other non-combustible material followed by a plastic sheet to minimize spreading or contact with rain. Use clean, non-sparking tool to collect material and place it into loosely-covered plastic containers for later disposal.

Fire/Explosion Hazard

Fire/Explosion Hazard May burn but does not ignite readily. Containers may explode when heated. Runoff may pollute waterways. Fire or heat may produce irritating, and/or corrosive gases.

Fire Fighting

Procedures Small fire: Use dry chemical, CO₂, or foam.
Large fire: Use water spray, fog or foam. Do not use water jet.
If safe to do so, move undamaged containers from the fire area. Cool containers with flooding quantities of water until well after the fire is out.

Fire Fighting

Precautions Wear SCBA and structural firefighter's uniform.
